Oseon Expert Client - Messages and logs: MDA comparison ²	Oseon	Oseon v6.05
Oseon Expert Client – Production Overview ²	Oseon	Oseon v6.05
Oseon Expert Client – Capacity utilization ²	Oseon	Oseon v7.05

End of support for software versions

After the end of the support period, only security updates will be made available for product versions. Customers must update to a current software version in order to continue receiving support⁴. TRUMPF reserves the right to provide security updates in the form of new product versions. An update to a current product version is strongly recommended.

Product	Version	End of Support Period
Oseon		
Oseon	v1.x	31.10.2024
Oseon	v2.x	30.04.2025
Oseon	v3.x	31.10.2025
Oseon	v4.x	30.04.2026
Oseon	v5.x	31.10.2026
Oseon	V6.x	30.04.2027
TruTops Boost		
TruTops Boost	v14.x	31.10.2024
TruTops Boost	v15.x	30.04.2025
TruTops Boost	v16.x	31.10.2025
TruTops Boost	v17.x	30.04.2026

³ Function is no longer available without replacement.

⁴ subject to the existence of a valid service agreement with the respective TRUMPF sales and service company, if applicable.
